Janie's New Legs

By Diana Tuorto
Published by BookSurge Publishing

Janie's New Legs is the story of Silver, a shy pony rescued from abuse

and neglect, and Janie, a fragile young girl paralyzed from a car accident. Janie meets Silver at an EAAT center and an extraordinary friendship soon develops. Together the two gradually begin the road to healing and recovery. The story, which covers a 10-year span of Janie and Silver's special bond, demonstrates that, no matter how difficult the obstacles appear, friendship and love can rise above anything. Tuorto has donated more than \$1,000 in book proceeds to the Somerset Hills

Handicapped Riding Center (SHHRC), a NARHA Premier Accredited Center in Oldwick, NJ. To order the book, go to <http://cayuse.8k.com>, or email lunar_aradia@yahoo.com.

Getting in TTouch® with Your Horse: How to Influence Personality, Potential and Performance

By Linda Tellington-Jones
Published by Trafalgar Square Books

This revised edition of Linda Tellington-Jones' bestselling book features all new profiles and color photos. The world famous animal behaviorist

and horse trainer explains how to analyze the meaning of all the physical traits that indicate a horse's true personality. The detailed illustrations highlight 36 horses of various types and breeds with an instructive personality analysis for each one. Tellington-Jones also shows how to determine if the horse's personality has been affected adversely by stress or pain caused by poor health, inadequate living conditions or a riding discipline ill-suited to the horse's conformation.

Walking the Way of the Horse: Exploring the Power of the Horse-Human Relationship

By Leif Hallberg
Published by iUniverse.com

Since time eternal horses have walked beside us, helping to shape our destinies, taking us on journeys of the soul and offering as a gift their power, mystique and beauty. Today, mental health professionals and educators alike have begun to formally acknowledge the emotional, mental and physical benefits that humans can receive by spending time with horses. A member of the EFMHA Board of Directors, author Leif Hallberg has extensively researched the field of equine facilitated mental health and educational services, and this book reveals the many ways horses can help humans by facilitating personal growth and learning. Starting with a historical perspective, *Walking the Way of the Horse: Exploring the Power of the Horse-Human Relationship* covers therapeutic and educational settings, as well as ethical considerations and practical applications.
