### Noah's Ark Animal Welfare Association

Morticia is 3-year-old domestic shorthair cat. She came to the shelter with her siblings who have all been adopted. She is a shy girl, but once she gets to know you, she loves to be pet and will snuggle in your lap. Morticia has been spayed and is up-to-date on all of her vaccinations.

Laney is a 10-month-old female Shepherd mix. She was rescued from a shelter in another part of the country. Laney is a quick learner, enthusiastic and playful, and often seeks human involvement in her play. She has learned some commands, but due to her excitement, she could use some help with her leash manners. Laney has an eager to nature and can't wait to find her new home. She has been spayed and is up-to-date with all her vaccinations.

### Coming Home Rescue

Krunch (as in Cap'n) is the sweetest Cocker Spaniel around. He loves giving kisses: to humans, other dogs, telephone poles- you name it. This guy is a lover, not a fighter. Krunch has a beautiful golden coat, has lots of energy, and would be perfect for a family with kids that would run around and play with him in the backyard. Krunch apparently has been on the streets for a while and is a bit on the thin side, but with some good meals in his belly and the warmth and love of a good family, this guy will be strutting his new physique in no time. He will be neutered, updated on shots and microchipped before adoption.

## Eleventh Hour Rescue

Gandolph is a very handsome 3-year-old, American Staffordshire Terrier mix who has wonderful light brown hazel eyes. He often looks adoring at you with a smile on his face and head cocked slightly to one side. Always willing to please, Gandolph is a very active and playful boy. On the leash, although strong, he is easy to correct. When taken off leash in the fenced-in play area, Gandolph is in his favorite place to romp and play. Any toy will do, as long as there is plenty of action involved. He has a wonderful, short, smooth, silky coat that requires only limited grooming to keep him at his best. Once Gandolph has been properly exercised, he will rest quietly at your feet awaiting your next command.

Kiwi Max is a 6-year-old pit bill mix with a big head and heart to match. He was found as a stray, completely undernourished, emaciated, and suffering with a case of heartworm. Since that time, Kiwi has received loving care in a foster home; he has gained weight back and successfully treated for his heartworm condition. Through it all, he remains a well behaved, loving, and faithful companion. Kiwi is now ready for the next phase of his life, to find that loving family to adopt him and bring him home at last. He knows some basic commands and gets along with other dogs.

## Paws 2 Your Heart

Cilla is a 2-year-old Olde English Bulldog /Staffordshire Terrier Mix. She has the body of the bulldog and a head of a staffie. She's super cute and loves other dogs and cats. Because of her short little legs, Cilla needs an extra push to get into the truck or the couch, but she's such a lover with a great personality. Perfect dog for any family.

Spirit is a 3-month-old lab/golden retriever mix. She is a special needs pup. This sweet little girl, was hit by a car and needed her left rear leg amputated. It was broken in so many places, they couldn't fix it. Spirit is in no pain and was running around like a typical puppy a week after her surgery. She is looking for a home that will accept her as a three legged pooch.
