

The Rescue Round-Up

Sophia and Blanche

By Diana Tuorto

Eleventh Hour Rescue

Sophia and Blanche were found abandoned in their house when their owners moved out. Sophia is a small 5-year-old Basset Hound mix who weighs 50 pounds. Unfortunately, due to a severe eye condition, she is now totally blind and cannot see anything. However, Sophia still exhibits a great deal of confidence and is able to get around very well on her own. She is a very pretty girl.

Blanche is an 8-pound, 9-year-old Pomeranian/Shih Tzu mix. She prefers a quiet home with lots of opportunities to take a nap. Both dogs are low maintenance and rely on each other for comfort, so it would be best if they could find a home together.

One Step Closer Animal Rescue (O.S.C.A.R.)

Princess is 8 years old and has hardly been treated like royalty. She's been dumped at two different shelters. Princess also had cancer surgery, but she is doing great now. Despite everything she's been through, she is still a happy, friendly girl who loves to be held.

Buddy is a 10-year-old black Labrador Retriever who is one happy old man. His owners were no longer able to care for him. Buddy gets along great with other dogs and loves children. His age hasn't slowed him down one bit.

Noah's Ark Animal Welfare Association

Lucy is a 4-year-old Pit Bull mix who is loyal, affectionate, and smart. She knows some commands such as sit and down and easily does them for a reward. Lucy is very attentive to her human, loves to be close, and often will lie right at her owner's feet. She will come when called and loves to give kisses. Lucy is a very sweet girl. She is presently in a foster home, so call Noah's Ark before coming to see her. Lucy is spayed and up-to-date on all vaccinations.

George is a 3-year-old domestic shorthair mix cat. Someone left this sweet boy outside the shelter. He is a lovable cat who likes to be held. George is waiting for his best friend to come to take him home with them. He is FIV positive and needs to be in a home with no other cats. He has been neutered and is up-to-date on all vaccinations.
